

2024 HSC Scholarship Application Guidelines

Kempsey Adventist School (KAS) believes in the development of the individual student in all facets of human endeavour; academically, spiritually, emotionally, physically and socially. KAS believes that these characteristics are best developed in a Christ-centred, serving and caring environment. We wish to encourage students in developing these essential characteristics and, attract students to our school that will strengthen and support our school culture.

The KAS HSC Scholarships may be awarded to a student who is enrolling into either Year 11 or Year 12 at KAS in 2024.

All applications are subject to specific criteria which the 'Frequently Asked Questions' section below seeks to address. If you would like to find out more information about the KAS HSC Scholarship program, or information about our school generally, please feel free to contact the KAS Executive Assistant on 6562 7023 or visit our website at www.kas.nsw.edu.au

FREQUENTLY ASKED QUESTIONS

1. Under what criteria are the KAS HSC Scholarships awarded?

The scholarships may be awarded to a student who completes all elements of the application process and is able to demonstrate consistent application to academic performance, behavioural expectations, school community life, respect for our Christian ethos and appropriate role modelling to others. Students will be assessed on information provided in all sections of the application form, including references, academic records and response to questions.

2. Are there any conditions attached to the scholarships?

Yes. Scholarships are subject to a student maintaining a commitment in a number of areas. These include academic achievement, participation in school community events as well as respect for the Christian ethos of the school. Further to this, it is expected that they will be an appropriate example and role model to junior students and will display an attitude and behaviour which meets the expectations of the KAS Student Management Policy and Student Code of Conduct. This is subject to a twice yearly review process. This is a one year scholarship which can be reapplied for in 2024 for students entering in Year 12 2025.

3. How much do these Scholarships cover?

KAS HSC Scholarships provide for full funding of the applicable year level school fees at KAS in 2024. That is, successful students will hold a fully funded position at the school for the year of application whilst they meet the ongoing expectations of the KAS HSC Scholarship program.

Successful applicants will be subject to a twice-yearly review process. Their continuation of the scholarship will be subject to the student maintaining a commitment to academic achievement, participation in school community events, respect for the Christian ethos of the school, provisions of an appropriate example and

role model to junior students and a display of attitudes and behaviour which meets the expectations of the KAS Student Management Policy and Student Code of Conduct.

4. What will happen if a student fails to meet the expectations of the HSC Scholarship program?

If during the course of regular school events and/or in the course of the twice-yearly review process, a student is identified as failing to meet the expectations of the HSC Scholarship program, parents/guardians and the individual student will be notified in writing of the school's concerns.

In such an event, the School Executive may determine to either cancel the scholarship or alternatively impose a period of probation with or without attached conditions, to determine the given students' suitability to continue as a scholarship holder. Any such decision by the School Executive to either cancel, impose a period of probation, with or without conditions, will be considered as final.

In the event that a scholarship is cancelled, parents/guardians will then become responsible for the payment of applicable school fees less the portion of the year and or years covered by the applicable scholarship.

5. How do we apply?
